

## Professor Margaret Murnane

### Discussion Questions

1. Margaret says that if you enjoy doing something, you work harder at it. Has this ever happened to you? Give an example.
2. What about being a scientist like Margaret sounds fun to you?
3. Margaret's students inspire her to continue teaching physics. What or who inspires you in one part of your life?
4. Margaret talks about how her students "transform" from being afraid of physics and math to feeling confident and excited by them. Can you think of things you've learned that you were first afraid of? How did you feel when you finally learned them?
5. Can you think of a song that represents Margaret's story?

Notes:
